Experience

2023-now	Green Island (BE)	Head of Infrastructure
	Having taken more responsibilities as a DevOps Engineer, I moved to the role of Head of Infrastructure.	
2022-2023	Green Island (BE)	DevOps Engineer
	I joined Green Island as a DevOps Engineer, focused on AWS cloud and hybrid technologies.	
2020-2022	NTT Ltd. (BE)	Implementation Engineer
	I started my career at NTT Ltd. as a young graduate focused on cloud and cybersecurity technologies.	
2020	NTT Ltd. (BE)	CyberSecurity Intern
	Master's Degree internship, focused on firewalling, load balancing in DevOps/SecOps way.	
2018-2019	UB4 SARL (LU)	ICT & Security Student
	Most of my work has been to upgrade the company's existing infrastructure spread over several sites. Security has also been added and increased as well. I also had the opportunity to work on VoIP systems and interact with SIP providers and ISPs.	
2018-2019	Cavaliara SPRL (BE)	IT Student
	My work consisted in setting up a website, a mail server and a billing system, all in the cloud.	
2016	Nethys SA (BE)	Intern
	Bachelor's Degree internship, focused on security and especially on advanced malware as well as Advanced Persistent Threats (APTs).
